

NOTE: Near Hits and Safety Concerns can be reported anonymously. However, we strongly recommend logging into OSHIS to report so we can follow-up on your concern.

Use [this link](#) to report anonymously.

The link takes you to a standalone link that feeds data into OSHIS.

Note that you are now logged in as “anonymous”.

OSHS: Safety Reporting – ANONYMOUS Near Hit or Safety Concern

Person reporting, or reporting on behalf of *

This field defaults to **Anonymous**.

Incident Date *
