New

Efficiency Exchange 2024: Call for session topics now open

The call for session proposals is now open for Efficiency Exchange 2024, or EFX24, the region's premiere networking and learning conference for energy efficiency professionals. Hosted by Bonneville Power Administration, Northwest Energy Efficiency Alliance and the Northwest Power and Conservation Council.

EFX24 will be held in Coeur d'Alene, Idaho on May 14-15, 2024. Attendees from public and private utilities, consulting and research firms, nonprofit and government organizations come together to learn and network across the region.

To make sure your session idea is considered, [submit your proposal](#) by Friday, Oct. 27.

TANNW training: Hands on with networked lighting controls and HVAC measures

How can you make yourself valuable to your customers? Join Trade Ally Network NW's lighting and HVAC experts to hear about the latest technologies and utility program incentives in our upcoming workshops in Tacoma and Shelton, Washington on Oct. 10 and 11. The more you learn, the more competitive you'll be in selling more projects and growing your business. Click [here](#) for workshop highlights and registration information.

General

2024 Residential Weatherization Specifications & Best Practices Guide is now available

This comprehensive guide combines the specifications and best practices into a single easy-to-use contractor guide and updated for the new Implementation Manual cycle. Changes include minor modifications to accommodate the sunset of the PTCS program. [Download here](#).

Important energy efficiency dates webpage on bpa.gov

Check out the updated important dates webpage to learn when key touchpoints in BPA's Energy Efficiency Program will occur. If you have questions regarding the dates, please contact your EER. View the webpage [here](#).

Events

2023 regional utility roundtable dates

This fall's regional utility roundtable dates are now scheduled. BPA facilitates these annual gatherings to hear direct feedback from our public utility customers on various important energy-efficiency topics. Your energy efficiency representative will contact you with a calendar invite for your regional roundtable. We look forward to you and your fellow utility representatives joining the BPA energy-efficiency team for discussions on topics focused on your utility and end-use customers...[More](#)
