

System/Equipment Change Form

Note: Form must be submitted **210** days prior to expected energization date per RC West timeline

Please use this form when notifying CSRP of planned Transmission system/equipment changes as outlined in the TOPIC and TPIP as applicable. Please be descriptive as possible when identifying the equipment and description of project. Send form to the CSRP@bpa.gov mailbox, cc'ing your BPA Customer Service Engineer.

Only submit one system/equipment change per form – thank you!
