Working to protect and restore Western watersheds

Dear Ms. Grimm:

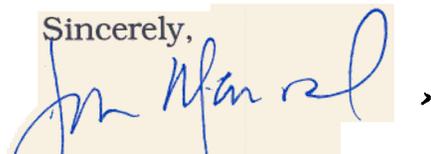

Pursuant to the Freedom of Information Act (FOIA) Western Watersheds Project requests a copy of a recent appraisal carried out by BPA on grazing permit values permitted to one permittee in the Sawtooth National Recreation Area (part of the Sawtooth National Forest) in central Idaho. I understand that BPA was considering paying to have those permits retired, but has now decided not to do so.

I believe that the permits that were appraised pursuant to this request may be issued to a Mr. Mark Stark of Challis, Idaho; however, I was unable to confirm that in my telephone conversation of today (10/19/05) with Gerald McClintock of BPA in Portland. You might want to give him a call to confirm the appraisal I am requesting.

Please inform me before sending the requested document if there should be a charge and the procedure for requesting a fee waiver.

Thank you.

Sincerely,

Jon Marvel
Executive Director
