

BPA Energy Efficiency Weekly Announcements

February 15, 2024

New

Efficiency Exchange 2024 registration is open

Registration for Efficiency Exchange 2024 at the Coeur d'Alene Conference Center in Coeur d'Alene, Idaho, May 14-15, is now open. Early bird pricing for in-person attendees representing utilities, government, or nonprofits is \$350. Beginning April 12, registration will increase to \$450.

This year's conference will be a hybrid event for in-person and virtual attendees and features two full days of sessions and in-person networking. Virtual attendees will be able to live stream select conference sessions, and all attendees will have access to all conference session recordings. Registration for attending virtually is \$250.

For registration, agenda and conference logistics, please go to our [Efficiency Exchange](#) webpage. For questions, contact Maggie Bagan, mabagan@bpa.gov.

2024 Federal Poverty Guidelines

The [Federal Poverty Guidelines](#) have been updated for 2024. These determine financial eligibility for several federal programs, and BPA relies on them as a benchmark for its Low - Income Energy Efficiency Program. Households can qualify for BPA's Low Income Energy Efficiency program if their gross income falls within 200% of the Federal Poverty Guidelines or is eligible using an approved statewide or tribal guideline. BPA has updated its optional Income Verification Form located in the [IM Document Library](#).
