

BPA Energy Efficiency Weekly Announcements

April 18, 2024

New

BPA webinar: Measurement & Verification Protocol

Please join us May 2 from 10 - 11 a.m. PDT for the Measurement & Verification (M&V) Protocol webinar, providing a general overview of the BPA M&V Protocols and key updates. These new protocols will be posted on the [Measurement & Verification webpage](#) following the webinar...[More](#)

BPA Low-Income Energy Efficiency Workgroup

Please join us May 1 from 1 - 2:30 p.m. PDT as we resume our BPA Northwest Regional Low-Income Energy Efficiency Workgroup series. This forum provides an opportunity for former and new attendees to share strategies and program offerings they have utilized to expand low-income program opportunities in their service territories and the region. We will also learn what future activities BPA and attendees might be planning, or have an interest in exploring, and tee up key topics of interest for future workgroup meetings...[More](#)

Corrected UES measure list and template available

Corrected versions of the UES measure list and UES bulk upload template that were previously released April 1, 2024, are now available. These include corrections to payments allocated for five front load clothes washer and three variable speed heat pump measures. The bulk upload template also includes a correction to the Unique Site ID field. The updated versions of the documents can be found on the BPA [BEETS webpage](#).

Please reach out to your EER with any questions or concerns.

Comfort Ready Home: Greener Water Heater promo video now available

If you have a contractor-facing newsletter or webpage, or an upcoming contractor meeting, this [new video](#) will help you communicate the benefits of HPWHs and a limited-time incentive for qualifying Heat Pump Water Heater (HPWH) installations. Through Sept. 30, 2024, contractors registered with the Comfort Ready Home Residential Contractor Network can receive \$500 for each reported eligible HPWH replacement. ...[More](#)

Comfort Ready Home also has a [video](#) available created specifically for homeowners to help them maximize the efficiency and performance of their investment.

It is not too late to register to attend Efficiency Exchange 2024!

There is still time to register for EFX2024 being held May 14-15 in Coeur d'Alene, Idaho. Everything you need to know can be found [here](#).

In addition to our keynote speakers and great lineup of listening and learning sessions from which to choose, another highlight of this year's event will be the reception immediately following Tuesday's final session. Attendees will be treated to a ferry cruise on beautiful Lake Coeur d'Alene where they will be taken to the Hagadone Center for complimentary hors d'oeuvres, refreshments, a no-host bar and networking with friends and colleagues. This year's reception is sponsored by the Evergreen Consulting Group.

If you have already registered for the conference, be sure to download the link to the [WhoVa app](#) where you can have all of the conference information right at your fingertips!
